

ELECT **TEUNIS
WESTBROEK**

Councillor
for
Qualicum Beach

...IT'S STILL ABOUT QUALITY OF LIFE.

Protecting the very qualities that attracted us to Qualicum Beach in the first place has always been my goal as your Mayor. My commitment to you has not changed. I will help *stay the course* to preserve financial stability, modest growth, transparent and inclusive decision-making, environmental protection, and above all, compassion for people.

“Qualicum Beach...is a delightful reminder of what can be achieved with good community planning.”

—Mark Hume, Globe and Mail

My vision has always been to put the needs of our residents first, as we enhance the small town atmosphere that makes this award-winning community with a wealth of cultural and recreational facilities, parks, trails, beaches, and Town Centre, one of the best places in which to live, for people of all ages.

I have great expectations for the potential of the former bus garage site, Second Ave East-Village, our waterfront, and affordable and suitable housing on Town-owned lands. I will support improving roads and sidewalks, public safety, accessibility, health care, and the efficient provision of Town services.
